CB750-1005XXX

Mileage:

13.082 mi

KW (HP) ccm:

49(67)736 ccm

Price:

36.800 EUR VAT not separate identificationable

## General Information:

This sand-cast K0 was imported from the USA with a traceable history. In Germany, the bike was carefully restored, with the engine being overhauled by an expert. It was confirmed that the engine had low mileage and had not been opened before. Most recently, the Honda was part of an exclusive motorcycle collection in Germany.
