General Information:

This meticulously restored DKW RT 175 was manufactured by Auto Union GmbH. The first original vehicle registration document states that it was first registered on 22 June 1954 in the district of Rotenburg. In the decades that followed, the RT remained in Hesse and underwent extensive restoration in 2009, with the focus on staying true to the original. The DKW RT 175 was subsequently part of a small museum's collection. The 2-stroke petrol engine enables the DKW to reach a top speed of almost 100 km/h.
