General Information:

With the Classic Scrambler, Juergen Schnaller has expanded his Triumph Specials series. The beautiful engine block is shown off to even better advantage on this Scrambler. The 3-in-1 exhaust system and the Vance & Hince silencer really round off this look. This Scrambler sounds correspondingly good and with the Wilbers suspension, a motorbike has been created that fulfils the expectations of a Scrambler not only visually but also technically, because with this Tiger it goes light-footed around the bend.
