14.07.1978

Frame Number:

86825233XX

Mileage:

1.200 km

KW (HP) ccm:

94(130)1.300 ccm

General Information:

In its first life, the Audi 50 GLS is from the last year of production and first-hand. The previous owner meticulously kept the maintenance booklet. Due to the care and preservation of the previous owner, the Audi 50 GLS was the first choice for a second life. To achieve 130 hp the new engine got forged pistons, machined connecting rods, a steel crankshaft, a machined cylinder head, camshaft 324 degrees, large valves with reinforced valve springs. With 40 Weber twin carburetors and a 60mm exhaust system with fan manifold the engine could be installed. Large spring struts, a large brake Golf GTI, yellow Koni Cup in the front and adjustable yellow Koni in the rear, BBS rims are essential features of the chassis. We have fixed a 5 gear sport gearbox. The seats of the VW Corrado allow even plus-size people to drive comfortably.
