General Information:

The Cross Tiger is a moped. German vehicle registration documents are available. In the early 70s, it was primarily sold by Neckermann Versand KGaA. It was produced by Agrati Garelli S.p.A. in Monticello Brianza, Italy. With a kerb weight of 70 kg and a gross vehicle weight, there is still a margin of 150 kg for the possible 2 people if they have not yet refuelled. With a low mileage of 2,729 km, the Garelli Cross Tiger is a well-preserved collectors item.
