on request

General Information:

The 2009 Kawasaki KLX 250 is a versatile lightweight enduro motorcycle? robust, reliable, and built for both road and off-road use. With just 1872 km on the clock, this bike is practically like new. The water-cooled 250 cc four-stroke engine delivers balanced power with responsive throttle control? ideal for everyday riding, touring, or off-road adventures. Thanks to its low weight, stable chassis, and generous suspension travel, the KLX 250 offers a smooth and controlled ride. An honest enduro with plenty of potential.
